

int

```
graph BT; A[int] -.->|crossproc| B[apr_os_proc_mutex_t];
```

The diagram illustrates a cross-process relationship. At the top, a white rectangular box with a thin black border contains the text 'int'. Below it, a purple arrow points upwards towards the 'int' box. The arrow is composed of a dashed purple line and a solid purple arrowhead. To the right of the arrow, the text 'crossproc' is written in black. At the bottom, a wider rectangular box with a thick black border and a light gray fill contains the text 'apr_os_proc_mutex_t'.
