

HTTP Daemon Routine

List of Methods recognized  
by the server

```
graph RL; A["List of Methods recognized by the server"] --> B["HTTP Daemon Routine"]
```

The diagram consists of two rectangular boxes. The box on the right is shaded gray and contains the text "List of Methods recognized by the server". The box on the left is white and contains the text "HTTP Daemon Routine". A black arrow points from the right side of the gray box to the left side of the white box, indicating a flow or relationship from the list of methods to the daemon routine.
