

/usr/local/src/github
/Codebase/httpd-2.4.29
/support/win32/wintty.c

```
graph TD; A["/usr/local/src/github  
/Codebase/httpd-2.4.29  
/support/win32/wintty.c"] --> B[windows.h]; A --> C[stdlib.h]; A --> D[stdio.h];
```

The diagram illustrates a directory structure and its dependencies. A central box at the top contains three file paths: /usr/local/src/github, /Codebase/httpd-2.4.29, and /support/win32/wintty.c. Three blue arrows point from this central box to three separate boxes below it, labeled windows.h, stdlib.h, and stdio.h, indicating that the files in the top box depend on or include these header files.

windows.h

stdlib.h

stdio.h
